Brian McCourt Design Build (BMDB)

Specializing in the creation of beautiful, functional and sustainable spaces. We believe in life simplified by creating spaces that improve the function of your everyday. If your home improvements can save you 5 minutes a day or 35 minutes a week, that's time better spent with the important people in your life.

A group that believes your home should function as well as it looks.

Professional

- Has over 15 years of experience in renovation & design as a contractor.
- Opened Brian McCourt Design in 2010 which has helped countless homeowners transform their houses into inspiring custom homes.
- Current projects have expanded into designing large scale condo towers including a top notch design sales centre & show rooms for a 600 unit building, as well as the redesign of the iconic Loden Hotel rooftop lounge in Vancouver.

Accolades

- *Backyard Builds* was nominated for Canadian Screen Award as Best Show in 2018.
- Brian holds the record for *Cityline's* most popular segment on YouTube to date, with over 1.4 million views. His ingenious, cost saving renovation ideas are extremely popular among the general public on TV and the web.
- By the age of 19, he had flipped his first property and by 25 had flipped 9 homes which he had renovated and designed.
- Proud partner of Habitat for Humanity's Revive Centre; a green initiative that up-cycles furniture pieces to be sold in the Restore which helps to build more homes for deserving families.

Personal

- A fifth generation builder, he is one of seven siblings, four of which work in renovations and real estate.
- He is the loving father of two boys, Calvin (age 3.5) and Ben (age 1.5).
